COVID SAFETY PLAN

Boroondara Sports Complex 2021

COVID-19 Information

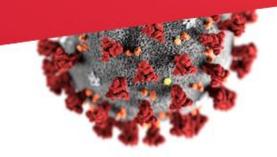

What is a Corona Virus and COVID-19?

Coronaviruses are a large family of viruses known to cause respiratory infections. These can range from the common cold to more serious diseases such as Severe Acute Respiratory Syndrome (SARS) and Middle East Respiratory Syndrome (MERS).

How is COVID-19 Spread?

COVID-19 is most likely to spread from person-to-person through:

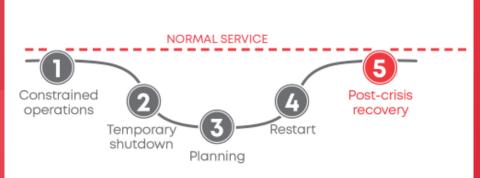

- Direct close contact with a person while they are infectious including in the 48 hours before their symptoms appeared.
- Close contact with droplets from an infected person's cough or sneeze.
- Touching objects or surfaces (like as door knobs or tables) that have droplets from an infected person, then touching your mouth or face.

YMCA Victoria

The Y has been a cornerstone of the Victorian community for more than 170 years – a period of time that has included other major crises ranging from the 2009 Bushfires to delivering large-scale wartime services. However as a not-for-profit that invests its full resources into our mission we do require the continuing support of our partners in order to retain our ability to keep serving the community – especially during this time.

This COVID Safety Plan forms part of the Covid Normal practices in YMCA Victoria's Post-crisis recovery back to normal service.

YMCA VICTORIA IS COMMITTED IN ENSURING ALL OF ITS FACILITIES AND OPERATIONS ARE:

- COVIDSafe for all staff, volunteers, contractors, visitors and patrons
- Compliant with Government COVID-19 Restrictions

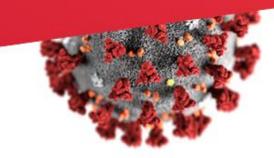

Boroondara Sports Complex (BSC)

Х	Outdoor Pool	X	Sports Stadium	X	Sports Courts	X	Change Rooms
х	Vacation Care		Tennis Courts	X	Gymnastics		

Boroondara Sports Complex Government Directions

Boroondara Sports Complex agrees to operate following all required Government guidelines for sectors and workplaces. Under current Government requirements we adhere to the following conditions:

COVID Safety Plan:

- 1. Discuss and share relevant details of COVID Safety plan with staff, Contractors, patrons and contract partner so everyone is aware of what to do and what to expect.
- 2. Print and display and make available the COVID Safety Plan.
- 3. The COVID-19 pandemic is an evolving situation review plan regularly and make changes as required.

Y Victoria's Commitment:

In order to be COVIDSafe at all Y Facilities we are committed to:

Our commitment to community safety - Carolyn Morris. YMCA Victoria CEO

Suspected or confirmed case of COVID-19 at work

If the suspected or confirmed case of COVID-19 is at work

CRITICAL INCIDENT TEAM (CIT)

1. ISOLATE

Isolate the person from others, provide them with a disposable surgical mask if available and isolate them in a separate room.

2. TRANSPORT

Ensure the person has transport to their home or medical facility.

3. ESCALATE

Notify your manager immediately, manager to escalate to ELT. Initiate Critical Incident Process.

4. INFORM

Manager to ring the national COVID-19 hotline (1800 020 080). Follow the advice of health officials. Contact your State Health & Safety Regulator.

ቡ

5. CLOSE / ISOLATE

CIT to determine the level of isolation or closure of site, staff or public to be evacuated from area / site.

6. IDENTIFY

CIT to identify who at the site had close contact with the infected person in the 24 hours before that infected person started showing symptoms. Send those people home to isolate. Allow employees to raise concerns.

7. CLEAN

CIT to determine the level of cleaning required. Engage cleaning company Smart Clean to conduct decontamination clean (0422 289 744).

8. REVIEW / OPEN

CIT to review: risk management controls relating to COVID-19, whether work may need to change and if site can re-open. Keep employees and public up to date with what is happening.

If the suspected or confirmed case of COVID-19 (Staff or Public) is not at site when diagnosed - START AT STEP 3

YMCA Victoria measures

As information, recommendations and restrictions about the Covid-19 pandemic is changing rapidly this document will be adjusted when possible and necessary. However, due the changes occurring quickly, it is possible for measures listed to be outdated.

Therefore, please be aware that these measures were accurate as of 22/10/2021.

The YMCA is also aware that guidelines for children, especially in an education settings can differ to guidelines for the rest of the community. Therefore, some measures in YMCA Victoria facilities listed in this document deemed to be unnecessary for children may be altered or removed to reflect this.

Please be aware that the YMCA Victoria endeavours to keep up to date with all measures recommended by the government and relevant health authorities
